ELITE 2.0 JACKET

PRO TECH JACKET

**CLUB
JACKET**

**DOUBLE
CENTURY**

Showers Pass cycle jackets are designed in the U.S.A by cyclists for cyclists and they offer some the best windproof-waterproof cycling gear on the market. The products feature superior ventilation and durability without excessive weight.

ELITE 2.0 JACKET: This is the most technically advanced cycling jacket available. It uses eVent 3-layer fabric which has been rated as 100% better than Gore-Tex. This jacket is rated 5 out of 5 for breathability, waterproofness & wind resistance. Available in 4 sizes from small to X/Large. Available only in Goldenrod. [View this you tube video for a demonstration of this jacket.](#)

PRO TECH JACKET: Designed as a minimalist shell for racing with lightweight fabric. Waterproof to 5,000mm as well as breathability. An awesome lightweight racing jacket. Available in 5 sizes from Small to XX/Large, all in clear.

CLUB JACKET: An all round jacket—great for wind or rain. Waterproof/breathable laminate with a 7 point ventilation system and 2 way front zipper. Choice of Women's Blue or Men's Yellow. Available from Small to XX/Large

DOUBLE CENTURY: Best all round light-weight, packable, full featured waterproof-breathable jacket on the market. Available in Blue & white, Men's & Women's.

TOURING JACKET: a solid, durable jacket built with lightweight mini-ripstop fabric. Waterproof to 20,000mm but also provides ventilation. Ultimate touring & commuter jacket. Available in 5 sizes Small to XX/Large in yellow and blue
